Franoca of '58

Throughout our school years we receive what we think are good "deals" and bad "deals". The good deals show what we have accomplished, and the bad deals should only encourage us to do better. Here is hoping that your school deals will be remembered and brought back to life with your '58 Franoca.

BOBBY MINNICH, Editor

As the world's leading textile manufacturing organization, Burlington Industries and its member companies produce an amazing array of fabrics for every phase of the clothing industry, as well as fabrics for the home, for industry, for automotive and aviation uses, and for most other purposes.

Burlington's products are truly "Woven Into the Life of America."

Because of its broad diversification, Burlington offers to the young man or woman seeking a career in textiles unlimited opportunities in every phase of the textile field.

One to grow on...

Good health is our business. We take a deep personal pride in watching the growth and development of youngsters raised on Pine State's good, health-giving milk and dairy foods. We feel great satisfaction in the knowledge that we contribute to the growth of the community as we do to the growth of its citizens.

We're proud of the fact that we're growing, too . . . that more and more families are asking for Pine State's pure, delicious milk, ice cream and other fine dairy foods.
